

Summary of RTP Operating Rule Changes Effective June 15, 2021

In April 2020 the RTP Business Committee approved changes to the RTP Operating Rules to clarify and simplify the requirements for Sending Participants that use directories to associate social identifiers with information used to route RTP Payments. These changes become effective June 15, 2021.

The new version of the RTP Operating Rules is available at <https://www.theclearinghouse.org/payment-systems/rtp/document-library>.

The rule changes are summarized below.

- Operating Rule III.F (Directory Services) is replaced with new language.
- The schedule, "Requirements for Directory Service Providers," is deleted in its entirety.
